“I’ve always found Australian design very pioneering, I think it’s probably a geographical thing, that we are so far away from the rest of the world”

— Sibella Court

“I hope that we will remain true to the very core of what we do as designers, and often to me that is the pen and the paper”

— Meryl Hare

“I like that only recently we’ve stopped focusing on overseas and started looking at ourselves as a big driver for international design”

— George Livissianis
